LEGENDARY DRUMMER RELEASES CARL PALMER'S ELP LEGACY- LIVE IN THE USA

**Acclaimed British Rock icon and drummer CARL PALMER's
new collection of ELP and other prog classics dedicated to
the late KEITH EMERSON.**

Palmer's World Tour continues throughout 2016.

Carl Palmer, among the most renowned drummers in rock history and a founding member of both ELP and ASIA, has released *LIVE IN THE USA* with his acclaimed ELP LEGACY band. The album, recorded at Buffalo's Tralfamadore Music Hall, features several ELP classics, as well as other prog music staples from The Nice and King Crimson, (two bands that featured ELP's Keith Emerson and Greg Lake).

The album will be official released on July 12th., with copies available now at all Carl Palmer shows, and as a pre-order item at CARLPALMER.com.

Live In The USA has been dedicated to the late Keith Emerson, who died tragically in March of 2016. "Keith's death hit us all hard, and it was very sad for me since he and I had been discussing working together again in 2016," says Carl Palmer. "All I could do was finish the album with his spirit in mind, and dedicate it to him."

Live In The USA will be released on the CKP label, which is owned by Palmer in England.

"I am very excited to have this title coming out and available finally for my fans," says Palmer, who has just launched the *Remembering Keith And The Music Of Emerson Lake & Palmer* tour, June 2nd in New York City. "As we did with the *Decade DVD*, *Live In The USA* is a complete show by my band, and features our power trio interpretations of the greatest songs of ELP and select classical composers. If you loved ELP but want to hear these songs done in a completely different musical environment, this album is something you will want to own. We are extremely proud of the final product, which was captured at one

of our shows on the 2015 tour with Paul Bielatowicz on guitar and Simon Fitzpatrick on bass.”

In addition to the new album, the tour is promoting Palmer’s acclaimed collection of modern art available at www.CarlPalmerArt.com.

On tour Carl Palmer’s ELP Legacy will play nearly two hours and drum enthusiasts can expect an evening of compelling percussive skills, from the man who brought the drum set to the forefront of rock n roll music.
